Mr. Blake,

We are concerned with your assertion that we have not been diligent in our reclamation efforts and we resent your threat precluding us from any further operations on state lands in Utah. You state that you received no response to your September 24, 1985 letter, enclosed is a copy of our response to that letter dated October 3, 1985. We assumed you would contact us and set a time to meet.

We have made four major reclamation efforts (crews and machinery) on the site at the request of you and others in various state agencies. We think we have been diligent in reclaiming the site and want to continue good relations with state agencies.

We are willing to meet with you and others to discuss the reclamation of the site. Please inform us of a convenient time.

Cordially,

Mark F. Lindsey

Dear John,

Please advise us of a convenient time to meet with you to discuss the reclamation efforts we have made and to set a time to visit the site. We are concerned and want to finish the reclamation to the Division's satisfaction.

Sincerely,

Mark F. Lindsey  
Secretary/ Treasurer
